## PRESENTATION

**Lucile Kathirkamanathan, nice to meet you !**

Since I started working on web, I invest myself to the fullest. I want to create lots of website which respond to clients request using the most effective way technical capacity. To do so I always add my creative style, and some originality. Users are always my priority that's why I make a lot of effort to send an accessible website online.

**Hobbies :** Learning about Korean culture, watching series, reading, following web trends, personal development and creative hobbies..
